The data in aggregate form will be provided to the California Earthquake Authority in order to fulfill its annual reporting obligations under the same Code. The California Earthquake Premium & Policy Count Data Call is due on **March 17, 2025**.

### **WHO IS REQUIRED AND WHAT TYPE OF DATA TO REPORT**

- All California licensed property & casualty companies are required to submit their experience data in 2024 (if any) in the Data Collection Workbook (Excel) and complete the Signature Page (PDF) if they write **residential property insurance**. Experience data requested for **residential property insurance** is not confined to those reported on Annual Statement Lines (ASLs) 1, 4, and 12, and should also include those reported on other ASLs, if applicable.

- If your company does not have experience data in residential property insurance for the year 2024, the reporting requirement is satisfied by indicating so on the Signature Page.
- **PENALTIES FOR NON-COMPLIANCE:** Companies that fail to submit the Signature Page and the Data Collection Workbook (if applicable) by the requested due date will be considered as non-compliance with CIC §700(c) and will be referred to the Department's Legal Division for further action.

## **REPORTING PROCEDURE**

- Step 1: Determine whether your company has any data to report. If there is no data to report, please download the Signature Page from the Department's website, have it signed, save/scan back to a pdf format and e-mail it to: [RSBeqexp@insurance.ca.gov](mailto:RSBeqexp@insurance.ca.gov).
